

IMAMPC 2013

International Meeting on Atomic and Molecular Physics and Chemistry

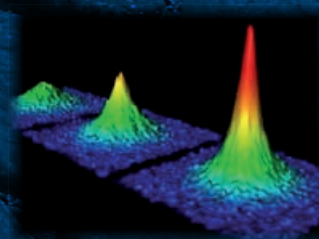

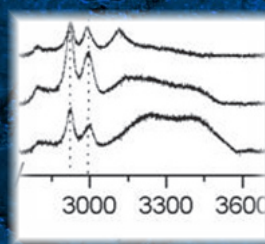

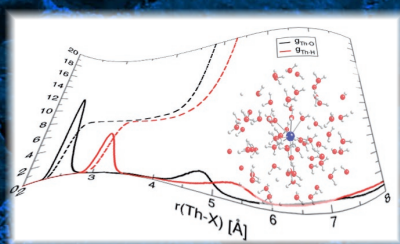

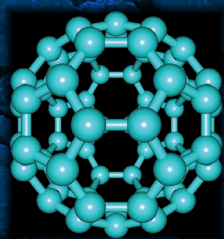

July 2-5, Lille (France)

The meeting has been conceived from an interdisciplinary perspective and is intended to promote high-quality research carried out by young scientists, in order to highlight their contributions.

12 plenary lectures, 29 contributed lectures and one poster session on the following topics

Physics and Chemistry of the Atmospheres
Astrochemistry
Biophysics
Heavy Atoms
Cold Atoms and Molecules
